

dear fcc,

upon recently hearing that sinclair has decided to play the partisan side of the republicans, and subvert it regularly scheduled public programming to do so, i am compelled to file a formal complaint about these activities.

i work in the media industry at the community level, and i know the importance of unbiased news and general media. these activities by sinclair are unethical, uncalled for, and against the will of the people of the united states. we do not want to only see one side of every story. we want critical analysis of issues, not blanket partisanship by our media providers. i urge you to take action to stop sinclair from committing this crime against the people of our country, and force them to obey the law.
